

Project Initialization and Planning Phase

Date	21 September 2026
Team ID	MCA
Project Name	Smartphone Addiction Analytics Dashboard
Maximum Marks	3 Marks

Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	Maya Chen, Head of Digital Well-Being Product	understand how screen time, social media hours & notifications relate to addiction level across	I cannot clearly identify which user segments carry the	there is no consolidated interactive view combining demographic, behavioral and lifestyle	unable to prioritise feature investment, design targeted nudges, or report effectively to leadership

		users	highest risk of unhealthy usage	data	
PS-2	Daniel, User Behaviour Analyst	analyse how gaming, work/study, sleep hours and stress influence the likelihood of addicted usage	early behavioural warning signs remain hard to detect across the population	lifestyle risk factors are scattered and not easily flaggable in one place	limited ability to support intervention programmes such as sleep-hygiene reminders and stress-aware coaching
